## TAKE A STAND, TROY

Take a Stand, Troy is a community initiative to raise awareness, challenge stereotypes, create an open dialogue, and inspire the community to build a culture in which interpersonal violence is not tolerated.

This initiative is coordinated through the Sexual Assault and Crime Victims Assistance Program (SACVAP), a member of St. Peter's Health Partners, which is committed to reducing the trauma of sexual assault, crime, and violence, and providing community education for its prevention. SACVAP offers one-on-one counseling/therapy, medical and legal advocacy, prevention education and forensic rape exams at no cost.

### Training

Local businesses are invited to take part in a free training that will provide employees the knowledge and tools necessary to prevent and intervene to protect the wellbeing of others. The 45-minute training uses a bystander intervention approach with real-life scenarios and an interactive discussion.

### Commitment

Local businesses are vital to the success of the initiative. Businesses who take part in this training will receive informational materials to display at their business to help spread the word about this vital community initiative. The Sexual Assault and Crime Victims Assistance Program will provide employees with ongoing training and support services as necessary.
